

## **Improprieties**

### **Sonnets**

The world is imperfect,  
or is everything perfect?  
Why are people are  
each one in a way?

If all were equal,  
what would the abnormal be?  
Who cares  
with this bullshit?

And the poor poet's rhyming,  
ruminating  
and torturing himself...

Looking for an entrance  
to continue existing  
in your own life.
