Gathering invisible dreams from an oyster.

Natural pearls are amazingly rare jewels.

A big beautiful ghost from within appears.

Prised from beauty, that monstrous pearl.

Pebbled shores, seaweed, sand and waves.

Pearls, secret statues of gorgeous fantasy.

Revealing myths, of earths gems created.

Deep in neptunes blue larder, secret pearls.

Forming cultured pearls, in secret oceans.

Pretty elements, in endless hemispheres.

Pearls meticulous white, pink, silver, azure.

Sandy promontories, searching rock berms.

A magic rainbow, of a pearls intoxication.

From one lone shell, a reflection of trinkets.
